- We started operating with general auctions in 2015, and since 2023, we have been properly established as a company by conducting auctions at the regional level, and have expanded our auction activities with the most prestigious group companies in Sri Lanka.
- Apart from the concept of individual auctioneers, which may be questionable one day, We have been awarded the Iconic Award 2025 as the most popular auction company in Sri Lanka as an auction company that leads the way in responsibility.
- Since 2023, we have held successful auctions in 8 out of 9 provinces of the island, and the sales percentage has been maintained at a very high level.
- Since 2024, we have invaded the art of online auctions completely and are still conducting the very successful online auction system.
- Also, from 2023, we have been conducting on-site auctions in parallel with the live auctions, providing maximum convenience to finance companies. We have also successfully introduced an on-site bidding system that allows you to manage the remaining vehicles from the auction and your needs through our website.
